

StelKast's Commitment to Your Freedom of Motion

Using our three decades of experience and technical expertise, StelKast will continue to develop cutting edge products and clinical techniques that close the gap between real and artificial joints. We are committed to programs and products that enable the patient who uses our product to enjoy a quality of life that people with a compromised joint condition deserve.

StelKast's Proven Gen-Flex™ Knee –

Smaller Than The Competition

Gen-Flex is sized for flexibility

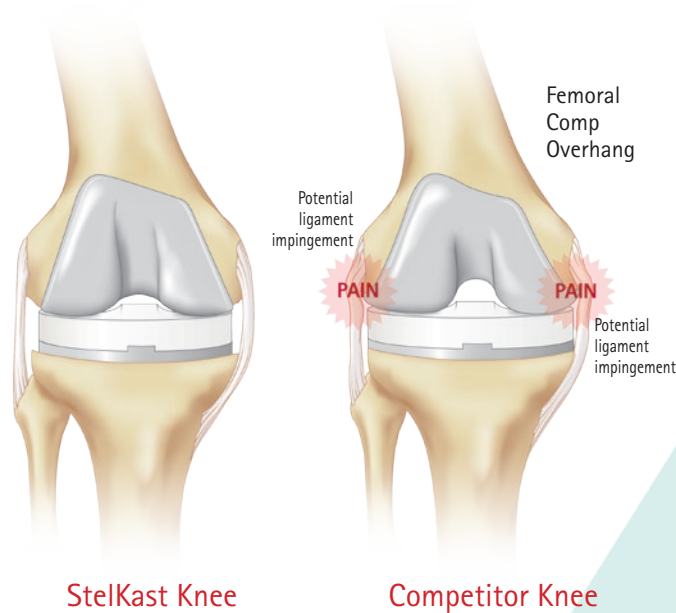

- Comparing the leading replacements, the smaller width of StelKast's Proven Gen-Flex™ Knee reduces the potential for implant overhang and soft tissue impingement
- Less = More

StelKast's Proven Gen-Flex™ Knee –

Smaller Than The Competition

Gen-Flex beats the competition in width

- Smaller width provides greater flexibility to position the femur for optimum alignment without overhang

Why StelKast's Proven Gen-Flex™ Knee

- Smaller than the competition
- Sized for flexibility
- Beats the competition in width
- Unparalleled experience and technology backed by three decades of manufacturing hundreds of thousands of orthopedic implants
